

## (2) TZJ40 TRAILER MOUNTED DRILLING RIG (REF#1906N)

- ⦿ Manufactured October 2006, put in use March 2007.
- ⦿ 4000 meters (1350') with 4-1/2" drill pipe, 3200 meters (10,500') with 5" drill pipe
- ⦿ Power system: (2) motors for pumps 2884 hp,(2) Cat 3412 on unit 1300 hp, (2) Volvo generator in light plant 1088 hp
- ⦿ Mast: 125' total height, Gross nominal capacity: 500 k lbs, API static hook load capacity: 500k lbs
- ⦿ Substructure: Rig floor setback capacity: 13,500' 4-1/2" drill pipe, height underrotary table beams 16', height of substructure 20'
- ⦿ Drawworks input power (continuous) 1300 hp
- ⦿ 500k lbs hook block, 500k lbs swivel
- ⦿ Rotary table 980k lbs rating load, 27-1/2" max opening, max speed range 75 – 200 rpm
- ⦿ Mud pumps: (2) triplex pumps with total power of 2600hp, max pressure rating 5000 psi
- ⦿ BOP Stack: Bag type preventor 5000 psi size 13-5/8", ram type preventor 5000 psi size 13-5/8"
- ⦿ (2) shale shakers
- ⦿ 1268 bbl mud tank system
